

K-LOVE is one of the very few listener friendly radio stations there is to choose. K-LOVE is very encouraging, uplifting, inspirational, informative, friendly and very much needed. My family and friends hear dates of concerts and events we attend. We hear places and people to get in touch with in good times and bad. K-LOVE is essential to the well being of myself, my family and my friends. It would be desasterous to take K-LOVE off the air. K-LOVE is kid-ear friendly, no cursing, to bad talking. You can not find that on many radio stations. K-LOVE is listened to and loved by myself, 40 yr old, my son, 17 yr old and my daughters, 6 and 5 years old. That is not very common either. Thank you for your consideration in this matter.
